

# AIRPORT VISIT:

Contributed | Posted: Tuesday, March 1, 2016 11:35 pm

A business class from Mohave Accelerated Learning Center recently attended a business and marketing informational session hosted by Laughlin/Bullhead International Airport. The students learned how the airport's various functions generate revenue, instructor Thomas E. Marks said. The students were treated to an up-close presentation by Ensign Austin Stack of the naval aviation program that is conducting training at the airport.
